Number of kilometers open (ex. 100 of 250 km) **120/120** Date Last Groomed **Jan 06, 2009**
Ice Conditions (Describe)

Hazards(Describe) **Trails were groomed and signage is mostly complete.**

Trails Signed:

Complete **Almost Complete**

Incomplete

(Describe)

Trail Conditions: **Good**

Good (open with good conditions) **X**

Limited (some sectors passable, others not)

Groomer Status:

Is your groomer broke down? Yes No **X**

Date groomer broke down? (m/d/y)

When will groomer be operational? (m/d/y)

Additional Information **120 kms have been groomed once. SSC to Rosthern was groomed Jan 2nd and the Duck Lake Loop was groomed Jan 6th. Signage is mostly complete and on going. Snow conditions are good and have improved with recent snowfall. Trails will be groomed again by the weekend. North 40 shelter is very popular.**

Good snow exists in the Nisbet Forest West of MacDowall. Signage is limited and caution is advised on the forest trails. Some deadfall may be encountered due to recent heavy snow and strong winds.

NOTE: Snowmobilers, please stay on groomed trail through Warman as there are issues with sledders running too close to the rail bed and wires are being cut by ski runners. If this continues we may lose our privilege to run the trail through Warman.

Thank you for assisting the SSA in collecting this information. Please fax, e-mail or phone your conditions to the SSA Office **by Noon on Wednesday of each week**. This information will be put on the 1-800 Snow Phone and SSA Web page Wednesday of each week. Snow & Trail Conditions will appear in the Regina Leader Post & Saskatoon Star Phoenix every Thursday on the Weather Page and on the CTV 6:00 pm News and Global News at 6:00 pm every Thursday during the snowmobile season.
