Additional Information **120 kms have been groomed three times. SSC to Rosthern was last groomed Jan 28th and the Duck Lake Loop was last groomed Jan 27th. Signage is mostly complete and on going. Snow conditions are very good and have improved with recent snowfall. North 40 shelter is very popular.**

Recent warm weather and extremely heavy snowmobile traffic has caused some sections to be worn and some sections are icy. Caution is advised!

Great snow exists in the Nisbet Forest West of MacDowall. Signage is limited and caution is advised on the forest trails. Some deadfall may be encountered due to recent heavy snow and strong winds.

Thank you for assisting the SSA in collecting this information. Please fax, e-mail or phone your conditions to the SSA Office **by Noon on Wednesday of each week**. This information will be put on the 1-800 Snow Phone and SSA Web page Wednesday of each week. Snow & Trail Conditions will appear in the Regina Leader Post & Saskatoon Star Phoenix every Thursday on the Weather Page and on the CTV 6:00 pm News and Global News at 6:00 pm every Thursday during the snowmobile season.
